MILPITAS HIGH'S OFFICIAL
ROBOTICS CLUB

**MILPITAS XTREME
ROBOTICS**

ABOUT THE CLUB

As the official robotics club of Milpitas High, the only public high school in Milpitas, we have a huge impact on the future engineers and leaders here in the Silicon Valley.

We aim to give our members memorable experiences and fun opportunities to explore a passion in STEM. We want to give students a chance to apply what they learn in the classroom and create something they can be proud of.

“WE'RE NOT JUST A CLUB - WE'RE A TEAM, AND WE'RE A FAMILY.”

ABOUT OUR WORK

Milpitas Xtreme Robotics is focused on student growth and giving youth a chance to gain unique, hands-on experience in a way that they would not otherwise be able to.

Our club participates in many competitions throughout the year, such as VEX as well as FTC. These competitions encourage leadership, complex problem solving skills, and the hard skills necessary to succeed in the Silicon Valley.

OUR PAST SUCCESSES

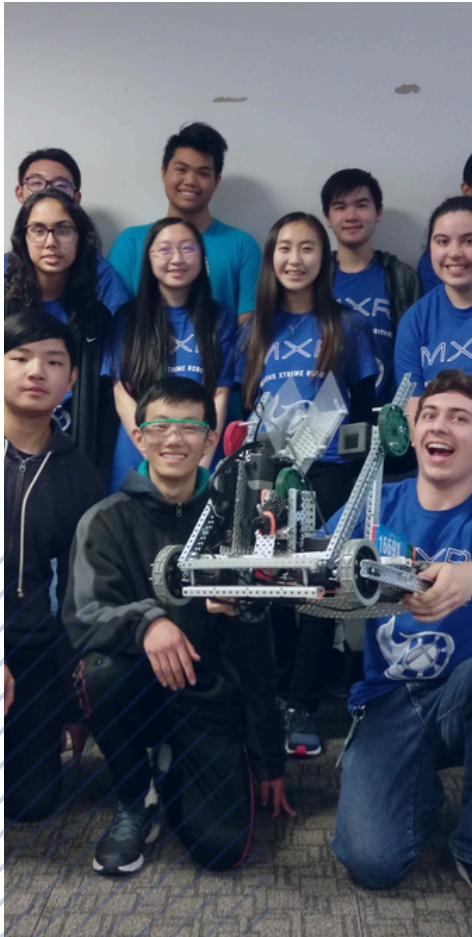

Some of our past achievements include:

- FTC judges award
- NRL innovation award
- VEX Tournament Finalist
- VEX 2x Tournament Skill Champion
- VEX 5x World Qualification
- 8 FRC Trophies!

The MARS (Milpitas Applied Robotics and Science) program is a student-driven initiative led by Milpitas Xtreme Robotics (MXR) to teach students the fundamentals of coding, the design process, and other scientific concepts, targeting middle and elementary students to strengthen their technical and problem-solving skills. The workshop takes place at Milpitas High School and local community centers, serving 50-100 students per session.

Over the next 12 to 24 months, MARS plans to train over 800 students in robotics and science through workshops and mentorship. This network of educators, mentors, and local sponsors ensures that MARS operates effectively, remains financially sustainable, and reaches as many students as possible.

MARS PROGRAM

WHY SPONSOR US

Purpose - By sponsoring us, you make it possible for thousands of students in Milpitas to have access to a robotics club, where they can get hands-on experience and the opportunity to develop and grow their passions in STEM. You would help change lives.

Branding and exposure - We will promote your company through our social media and by incorporating your branding during our events. Your company would have the opportunity to market to potentially a new market of students and receive valuable feedback.

We would love to have your company sponsor our year, and it is very easy to do so! There are many ways you can sponsor us, and we are open to suggestions. Here are some examples of what you can offer;

- **financial sponsorship**
- tools / materials for robot parts
- promotional merchandise / prize items for events
- food/snacks for long meetings
- resources for our members

HOW CAN YOU HELP?

OUR SPONSORSHIP PACKAGE

**“ WE DON'T JUST
CREATE ROBOTS,
WE CREATE
EXPERIENCES
FOR A LIFETIME. ”**

Our club and all of its programs are funded entirely by donations and fundraising endeavors. Below are the various tiers of sponsorship and a complete breakdown of the expenditures covered by your donation.

Contributions are organized into tiers as shown below. Higher grants and donations provide more opportunities for your company to show your brand and make an impact. You can also provide hardware, food, and other resources to help bring our club to success.

As a part of the non-profit organization, the Milpitas Unified School District, we can issue donation receipts if the sponsorship fund from your company is processed through the School Board.

SPONSORSHIP TIERS

Tiers	Silver	Gold	Platinum
Amount	<u>\$499</u>	<u>\$1000</u>	<u>\$3500+</u>
